
Title: The Dow, Exotics

Author: Cleo the Scholar

At first glance you may
mistake these creatures
to be human! Upon
further expectation these
peoples happen to be a
very exotic race of
humanoid inhabitants of
Sosaria. The Dow

are a people hidden
from society and daily
functions of Sosaria.
Dow although perceived as
being evil
in the eye of humans,
are in fact kind and
loving towards each

other. The Dow are
the least numbered
race in Sosaria. The
Dow will shy away
from large crowds and
tend to hide in
shadows watching
human cities. The

Dow are a very
odorous people and
won't have a problem
coming up to you for a
conversation, Don't
expect this to occur if
you are in group of 3+
humans! The Dow
are rejected by human
standards, and thought to
be extremely evil, and are
marked this way. The Dow
will hold an evil title.
It may seem the Dow
are an endangered
species in Sosaria
this is not true! The
Dow are an almost
invulnerable race to
modern human
weapons. Fancying in

literature and the arts, the Dow are very intelligent people. But dont think you can approach one to ask questions. The Dow despise humans for outcasting them from society. To find a Dow visit a mediumly populated city. The Dow will usually hide in shadows or under rooftops watching humans curiously. To Recognize a Dow

1. Tall handsom figure
2. Totally white skin
3. Rideing upon neither lama or horse. The Dow are a very picky bunch. A Dow seeing horses and lamas to be a dirty animal will instead ride an ostarad or magical mount.
4. A Dow will have brightly colored hair. Because of the Dow's lack of pigment in their skin they mark their beauty by thier colorful hair. Now that you know what they look like you can find them more easily.

But having a conversation with them is tricky. Humans have a long history of violence and stupidity in the eyes of the Dow. A human would have to win the trust of a Dow before conversations or interactions. Because of the Dow's enormous intelligence they find it facinateing and funny to help humans who are new to sosaia.

If you have a question about the origins of the universe or the

creation of Sosaria, A
Dow will most likely
have an answer. So
upon your travels you
should come across a
Dow, Don't disturb
him with questions our
trouble him with
your needs! Instead
offer gifts of materials
recite poetry. Sometimes
the Dow will not
understand the human
language at all! The Dow
are very clever when it
comes to speech. A Dow
will frown upon you should
you try to speak their
language falsely.
Here are some terms
you may use.
Remember speak these
correctly or a Dow
will ignore you!
"Excuse me"
(Zarin Toll)

"Hey!"
(Tag!)

"Yes"
(Zen)

"No"
(Zan)

If at first a Dow will
not speak to you. Offer
him something. The Dow
will look upon strange
gifts of exotic fruit,
colorful objects, wine,
shells and books.

Literature is a must have
for the Dow! If you
have any book of writing
a Dow will certainly
accept it!

The Dow religion is very
complex. The Dow
worship whisps and follow
the chaotic rituals of the
armageddon spell.
Because of the hate for
human barbarism of the

Dow's friendly whisp
brethren the Dow seek
the cleansing of Sosaria.

This concludes my survey
of the Dow people of
Sosaria. I plan to include
more additions to my
report. If should I not
return from the shadowy
deep forrest where the
Dow reside, please finish
my survey!
